House Strips School Bill

Bitter Defeat for Kennedy on Construction, Teacher Issues

WASHINGTON (UPI)—The House today by a vote of 342-18 sealed President Kennedy's worst defeat of the congressional session and sent the White House a \$900 million school aid bill stripped of general construction and teacher salary funds.

Ex-Convict Arrested for Murder in Pass

RIVERSIDE — An ex-convict, who was released from prison only a week ago, returned to the scene of a crime, and was arrested by Sheriff's deputies Sunday for the slaying of a Toronto, Canada woman.

The woman's body, found along a lonely canyon road near Cherry Valley, was identified as Doris Esther Keyes, 51, who had recently moved to Los Angeles.

The woman had died from a skull fracture, which police said had been inflicted by rocks in the hand of her slayer. A silk stocking had been removed from her body and tied around her neck.

In custody in Riverside today is Lawrence A. Jackson, 34, of South Gate, who police said had admitted that he had driven the woman from Los Angeles to Edgar Canyon where he raped and killed her.

Met on Street

Jackson told Chief Criminal deputy Robert Presley that he had met the woman on a street in Los Angeles Saturday, and had driven her to Cherry Valley.

The body was found by Herman W. Caudill of Beaumont, who was hiking in the canyon with a relative. He notified the Banning Sheriff's office.

Lt. Ed Brown and Det. Jack Kesner arrived on the scene and began their investigation about 4:30 Saturday afternoon, and by night fall had not completed their investigation.

Two deputies, Bill Caldwell and Leon Barris were instructed to stake out the scene of the crime and early Sunday morning Jackson returned to the scene of the crime, slowed his car almost to a stop, then sped off. The deputies were able to get the license number of the car.

Served on Rape

Jackson was taken into custody near Montebello, and was headed back to Los Angeles.

The suspect had served eight years in Chino Institute for Men for an assault with intent to do rape.

He told sheriff's deputies that he had returned to the scene of the crime when he became worried and thought he better check on her. When asked if he had raped the woman, he answered as if in a daze and said, "I guess I did."

Jackson will be arraigned in Riverside Municipal Court today on a charge of murder.

The measure, which would extend two existing aid to education programs for two years, was a bitter pill for the administration. Kennedy had wanted a \$6 billion school aid package, but Congress balked.

The two programs that would be continued by the school legislation were:

—The 11-year-old impacted areas program providing about \$312 million a year to 3,800 of the nation's 40,000 school districts. The aid is paid for both construction and operating costs of schools overcrowded by children of servicemen, federal employees and defense workers.

—The 3-year-old National Defense Education Act, which pays out about \$250 million a year for a variety of aid programs, including loans and grants to private and public schools for science, mathematics and language teaching equipment, loans to college undergraduate students and fellowship grants to students seeking advanced degrees.

Junta Hangs Ex-Premier Menderes

ISTANBUL (UPI) — Turkey's military junta regime hanged ex-Premier Adnan Menderes Sunday despite pleas for clemency from many prominent Turks and foreign friends and allies of the regime.

An official announcement said Menderes' execution "had been carried out," but gave no details. Menderes was found guilty of violating the constitution in a 10-month trial of leaders of his government which ended Friday.

Fatim R. Zorlu and Hasan Polatkan, foreign minister and finance minister respectively in the Menderes cabinet, were executed on similar charges Saturday.

Menderes' hanging was postponed until he recovered from the overdose of sleeping pills he swallowed early Friday in an attempt at suicide. Rumors that he would be reprieved persisted right up to the time his execution was announced.

Living 'Uncle Sam' Awaits Signature

WASHINGTON (UPI) — A resolution recognizing Samuel Wilson of Troy, N.Y., as the original "Uncle Sam" awaited President Kennedy's signature today.

Senate passage came after New Hampshire spokesmen reluctantly abandoned their drive to claim a share of the honor Friday.

DAG DIES IN PLANE CRASH ON CONGO PEACE MISSION

CALIFORNIA HIGHWAY Patrol officer Rod Horton completes his investigation of an accident Saturday in which no one was injured, but personal belongings were spread over a wide area of Highway 99 near Indio. A trailer that the truck was pulling broke away and traveled 714 feet before coming to a stop against a hill of sand. Pictured above Mrs. Patricia

Senesac, 18, bride of two weeks, her sister, Nancy Lewis, 12, and her husband, Bill Senesac, 19. They were following in another truck carrying household goods from Hollywood to Florida. Mrs. Senesac's brother was driving the truck that overturned. (Desert Sun Photo)

Catholic Priests in Cuba Exiled

Bishop and 135 Others Shipped From Country

HAVANA (UPI) — Premier Fidel Castro's revolutionary regime has exiled Roman Catholic Bishop Eduardo Boza Masvidal and 135 other priests, apparently as a result of what it described as church-led rioting against the government.

Forty-six of the churchmen were Cuban, but most of the rest were Spanish. They were shipped out Sunday on the Spanish liner Covadonga when it sailed for Spain.

Police escorted the bishop, an outspoken foe of the Castro regime, aboard the ship a few minutes before it sailed at noon.

The bishop was arrested Wednesday, after government officials charged he was to blame for last Sunday's anti-government demonstrations outside the Church of Our Lady of Charity.

The demonstration began when about 4,000 persons who had assembled to take part in anti-religious processions began shouting anti-Castro slogans. It was the largest public protest against the government since Castro seized power in 1959.

Discoverer Shot Success

VANDENBERG AFB, Calif. (UPI) — A Discoverer satellite, the 21st of its family to orbit successfully, today circled the earth at about 18,000 miles an hour.

Discoverer XXXI was fired Sunday, and the Air Force announced an hour and a half later that it had attained orbit around the globe.

The purpose of the launch was to gather additional data on effects of radiation in outer space, the Air Force said. A capsule containing scientific instruments was attached to the satellite's nose cone. It will be detached within four days by a radio signal from the ground.

Chambers Meet Set in Banning

BANNING — Former Congressman John Phillips will be keynote speaker at the annual meeting of the Riverside County Association of Chambers of Commerce Tuesday. The meeting will be held in the Mayfair Room of the San Geronimo Inn.

Allies Study Russian Threat Of Air Attacks

BERLIN (UPI) — Western officials today studied Russia's new threat to shoot down — by gunfire, air attack or rockets — any Western warplane flying over Red-held East Germany which ignored orders to land.

There was no immediate official reaction to the threat, inspired by Thursday's flight to West Berlin by two West German fighter planes which accidentally strayed across the Iron Curtain border that divides Germany.

In essentially identical notes to the Western Big Four, Russia called the flight a "prearranged provocation" intended to "nip in the bud" any prospect of East-West agreement on international problems.

The notes brushed aside as a "brazen diversion" the Western explanation that the German pilots lost their way, wandered over the border by accident and flew on to Berlin because their fuel was low.

"In similar cases in the future, any violating military fighting aircraft which refuses to obey the demand to land in the indicated place will be destroyed by the use of all means, including rockets," the notes said.

News In Brief

WASHINGTON (UPI) — The Soviet Union today exploded its 13th nuclear shot in the atmosphere since Sept. 1, the Atomic Energy Commission reported.

The Russian device had the power "on the border of a megaton yield," the AEC said. This would be an explosion about the strength of one million tons of TNT.

WASHINGTON (UPI) — President Kennedy today expressed "profound sorrow" over the death of U.N. Secretary General Dag Hammarskjold. There were indications it might kill any possibility that Kennedy would address the world organization.

The President said in the statement made public by the White House that "many millions of people of all nationalities" would share his sorrow over Hammarskjold's death in an African plane crash.

DETROIT (UPI) — General Motors built its first vehicle in a week today and additional settlement of plant-level disputes gave rise to hopes for an early end of a strike that has paralyzed the world's largest automaker.

GM said 5,900 workers returned to the job this morning at the GMC Truck and Coach Division

QUEEN CECILIA Contreras, 19, of Palm Desert, receives a bouquet of roses from Tommy Duncan during the crowning of the Queen of the Mexican Independence fete in Coachella Saturday night. Others pictured at the ceremony included, left to right, Princess

Marina Garcia, Ernesto Peres Ruiz, economic and industrial production chief for Baja California; Ricardo Calderon, representing the Governor of Baja, California; Princess Helen Ortega and Patti Ramirez, the little girl. (Desert Sun Photo)

No Cause Given for Disaster

One Survivor of Crash as Five Others Die

NDOLA, Northern Rhodesia (UPI) — Secretary General Dag Hammarskjold, 58, was killed today in the crash of his United Nations plane on a mission to bring peace in the Congo.

The Rhodesian federal government announced that Hammarskjold perished in the burning wreckage of his white-painted DC6B which smashed to earth early today. He was flying to a rendezvous with Moises Tshombe, president of the Katanga government whose warriors are battling U.N. troops.

The death of the cool and courageous Swedish diplomat, for the past eight years the secretary general of the world organization, dealt a tragic and stunning blow to the United Nations on the eve of its critical 16th General Assembly in New York.

The plane crash achieved in its way what Soviet Premier Nikita Khrushchev had been seeking by political pressure—the removal of Hammarskjold from his post.

Others Die

Hammarskjold's body was found in the wreckage in a grove of young trees seven miles north of here.

The bodies of 13 of the 14 persons aboard were recovered late in the day. One gravely injured survivor—his identity unknown—was taken to a hospital.

Most of those who died were burned beyond recognition but Hammarskjold's body was scarcely marked. A rescue worker said his body bore only "a small wound in the neck" and that he was wearing his identity tag.

The four-engine DC6B had taken off from Leopoldville carrying Hammarskjold and a small party of U.N. aides Sunday night on a flight to Ndola.

(See Hammarskjold, Page 2)

BULLETIN

NDOLA, Northern Rhodesia, (UPI)—The only survivor of the plane crash in which Dag Hammarskjold died said tonight there were several explosions aboard the plane before it crashed.

The U.N. secretary general had changed his mind about wanting to land at Ndola, the survivor said, and just before the scheduled landing at Ndola told the pilot to change course.

The man, a U. N. security guard whose name was not released, said just before the plane crashed there was an explosion, followed by several smaller explosions.

German Election Results May Cost Adenauer's Job

BONN (UPI) — The governing Christian Democratic Union lost its parliamentary majority today as the result of national elections that may force Konrad Adenauer out as chancellor of West Germany.

It appeared the 85-year-old Adenauer's 12-year rule had come to an end and that a new man—perhaps Economics Minister Ludwig Erhard—would be named to lead West Germany through the current crisis caused by mounting Soviet pressures.

Final official returns gave the Christian Democrats 270 seats in the new 499-seat Bundestag (lower house of parliament)—six less than necessary for a majority and a loss of 27 from 1957.

The Social Democrats, led by West Berlin Mayor Willy Brandt,

won 190 seats, up 21; and the middle-road Free Democratic party won 66, up 29.

No other parties received the necessary 5 per cent of the total vote required to hold a seat in parliament. The new Bundestag will be 2 seats larger than the last one.

In the popular vote, the Christian Democrats received 14,239,984 or 45.3 per cent, off from 50.2 per cent in 1957; the Socialists received 11,406,253 or 36.3 per cent, up from 31.8 per cent; and the Free Democrats 4,909,988 or 12.7 per cent, up from 7.7 per cent.

The Socialists, who have not participated in a government in 30 years, promptly announced they were ready to join in a grand coalition with the Christian Democrats.

Brandt told a pre-dawn press

conference he thought the "political result of this election is that the three parties should come together on a broad basis."

Coalition Doubtful

Most political experts doubted a coalition including the Socialists would come about.

But Free Democratic leader Erich Mende told a television audience that if his party is invited into a coalition with the Christian Democrats, "it is most probable that the next chancellor will be named Ludwig Erhard."

The election Sunday capped some of the bitterest campaigning in Germany since World War II. Adenauer and Brandt slugged it out on national, international and personal issues.

The campaigning produced 87.7 per cent of the registered voters at the polls.

Your Desert Sun News Box Score

The Desert Sun news package delivered to your home from Monday through Saturday of last week provided 643 news items in story and pictures—but not including editorials, editorial features, comics, cartoons, television logs and other similar services. This was an increase of 20 items over the previous week.

This news package breaks down as follows:

Local stories and personal items 300.

Wire news and major world reports 255.

Local photographs 58.

UPI Telephotos and other pictures 36.

Only in your Desert Sun will you find this concentration of resort area news coverage. It comes with complete reports of the top state, national and world wide events.

Two Liners Endangered In Landing

FORT WORTH, Tex. (UPI)—A Delta Air Lines DC8 jetliner with 120 passengers and a crew of eight on board blew out six tires and skidded crazily to an emergency landing Sunday night at Carswell Air Force Base.

The plane, en route from Atlanta to Los Angeles, was scheduled to land at Dallas Love Field, but the pilot, Capt. R. L. McKee of Atlanta, discovered the hydraulic system had failed as he made his approach. He chose to try and land at Carswell because its 13,000-foot runway is 4,000 feet longer than the one at Dallas.

The hydraulic system did not have enough power to operate the wing flaps which serve to brake the huge plane in flight, McKee said.

NEW YORK (UPI)—An Eastern Airlines DC8 with 110 persons aboard made an emergency landing at New York's International Airport Sunday because of hydraulic trouble.

It was the second DC8 in two days to make an emergency landing at the airport. Saturday, a Pan-American World Airways plane, carrying 134 persons and bound for Bermuda, returned to New York and crash-landed when its landing gear failed to lower. Only one minor injury was reported.

Mrs. Campbell Funeral Rites

BANNING — Funeral services for Mrs. Anna Victoria Campbell, 84, mother of two Palm Springs residents who died Saturday in Desert Hospital after a two week's illness, was held in the Wiefels and Son chapel here at 2 p.m. today.

The Rev. A. L. Hoemann, pastor of the Grace Lutheran Church here, officiated.

A native of Arkansas, Mrs. Campbell, who lived at 162 N. 4th St., had been a resident here 26 years. She was a member of Grace Lutheran Church, the Lutheran Ladies' Aid, and was in Hemet, and Irving and Morris Citizens' group.

Survivors include a daughter, Mrs. Louise Burkett, Palm Springs, and a son, Paul Campbell, Palm Springs, plus three daughters, Susie Campbell, and Mrs. Lillian Carothers, Banning, and Mrs. Burnell Anderson, Long Beach; two sons, A. A. Campbell and Victor Campbell, Oakland; and a son, Frank Campbell, San Bernardino; two sisters, Mrs. Maude Logan and Mrs. Mary Tillman, Tulsa, Okla.; a brother, Everett Lineberger, San Luis Obispo; 16 grandchildren, and 13 great-grandchildren.

10-City Bakery Strike Averted by Settlement

NEW YORK (UPI) — The National Biscuit Co. and union representatives reached a contract agreement Sunday that averted a threatened strike by thousands of bakery workers in 10 cities.

Nabisco's contract with the 26-hour negotiating session, was announced by Federal Mediator Henry L. Maggioni. He did not reveal terms of the two-year contract.

Nabisco's contract with the American Bakery and Confectionery Workers Union expired at midnight Saturday. The union had sought higher pay and increased work benefits.

Rings Worth \$500 Stolen from Car

Mrs. Robert Wessler of Woodland Hills, reported to police yesterday the theft of two rings taken from her car parked at the Riviera Hotel.

She said that the rings were valued at \$500.

Hammaraskjold Killed During Peace Mission

(Continued from Page 1)

Tshombe, head of the rebellious Katanga Province, was waiting for him there. The Katanga forces were reported over running troops of the United Nations attempting to take over the province on behalf of the central Congo government.

Hammaraskjold had hoped to reach a cease-fire agreement with Tshombe to halt the Congo bloodshed.

Shortly after midnight a plane believed to be Hammaraskjold's contacted the Ndola control tower. It circled the field and then flew away.

Search Is Ordered
Early this morning the Rhodesian government ordered a massive air search and the United States put all its planes in the vicinity at the disposal of the United Nations.

The wreckage, still smoking, was spotted seven miles north of Ndola. It had hit a low ridge with huge force that spilled wreckage over a wide area.

One of the plane's four engines had been damaged Friday during an attack by a Katanga jet on the airport at Elizabethville. The plane was sitting on the field at the time.

The Rhodesian government said the plane carried a crew of five and nine passengers in all.

The one survivor was gravely injured. The ground rescue party rushed him to a hospital.

Tshombe returned to Katanga after being informed of Hammaraskjold's death.

Tshombe Is Sad
"This is very sad news," he said, "I regret it deeply."

"I had much esteem for Hammaraskjold. He did much for African countries. In the crisis between the Congo and me, I had confidence he would help find a solution."

The death of the secretary general was expected to throw the United Nations session, opening Tuesday, into chaos and confusion in an attempt to pick a successor.

Khrushchev had demanded Hammaraskjold's removal and replacement by a "troika" secretary general committee—a three-man group composed of one Communist, one westerner, and one neutral.

No Provisions for Leader

The U.N. Charter does not provide for Hammaraskjold's immediate successor. The secretary general is chosen by the General Assembly on the basis of recommendation from the 11-member Security Council where Russia can exercise its power of veto.

The plane, the Albatross, was equipped with radar, automatic pilot and other mechanism for night flying. It was piloted by a Swedish U.N. officer, a Captain Hallonquist.

Also reported aboard were three American citizens working for the United Nations. They were Dr. H. A. Weisschoff, the U.N. director of political affairs; William Ranallo, Hammaraskjold's personal aide, and Vladimir Fabry, a Czech-born legal officer and naturalized U.S. citizen.

A Canadian woman was also reported aboard. She was Alice Lalande, Montreal, private secretary of the chief of the U.N.'s Congo operation.

Three U.N. guards accompanying Hammaraskjold also were reported among the passengers.

Greenery on High Desert

Heavy rains that fell in August have wrought a minor miracle in the high desert area between Yucca Valley and the U.S. Marine Corps Base beyond Twentynine Palms.

The change won't impress those from damper climes, but to those who know and love the desert the spread of green is a delight . . .

In much of the area along the highway there is a golden glow of fragrant bloom on the ground-hugging greenery. And there are tall tufts of tough grasses already setting heads of seed.

With Sunday's happy temperatures, the drive northward from the resort area made a wonderful outing. The unusually green vistas should be worth the drive for another week or two.

Private Eye Calls On Local Person

When two men were found in the home of Mrs. Travis Bishop, 663 W. Arenas Rd., she called police because she didn't know who they were.

When police officers arrived at the scene, they found that one of the two men was a private detective from Los Angeles who was attempting to serve civil papers on Mrs. Bishop.

The man was Jimmy Harold Van Norman, detective with Ed Duncan Investigations in Los Angeles.

Congress Starts Adjournment Drive Today

WASHINGTON (UPI) — A tired and irritable Congress today started its stretch drive toward adjournment with foreign policy issues the main roadblocks in its path.

The first session of the 87th Congress appeared almost certain to end next Saturday. It was unlikely the Senate and House would enact any more of President Kennedy's major domestic proposals.

The lawmakers, who convened Jan. 3, have been in session longer than Kennedy has been in the White House and longer than any Congress since 1951. Now they want to go home.

The legislative setbacks suffered by the administration since mid-summer have made it increasingly evident that Congress has gone about as far as it is going this year in enacting Kennedy's domestic program.

With the school aid bill killed and action on other major domestic proposals stalled or deferred until next year, Democratic liberals were just as anxious as Republicans to call it quits.

Many administration supporters felt Congress should have adjourned weeks ago. If it had, they reasoned, the victories Kennedy scored last spring on minimum wage, housing and other issues would loom more impressive now.

As the Senate and House entered their hoped-for final week, the major issues remaining to be settled were the foreign aid appropriations bill and final action on a compromise Peace Corps measure. A Senate-House conference committee may agree today or Tuesday on the aid funds.

Colonel William F. Humphreys

New Staff Chief For 29 Palms

TWENTYNINE PALMS — Colonel Wilson F. Humphreys assumed duties as chief of staff, Marine Corps Base here, replacing Lt. Col. James P. Prowell, who became deputy chief of staff this week.

The new chief of staff reported to the Twentynine Palms Marine Base from Okinawa, where he served as assistant chief of staff with the Third Marine Division. Colonel Humphreys is a native of Camden, N. J., graduating from a local high school there. The Colonel then attended the University of Delaware where he graduated in 1940 with a Bachelor of Arts degree in Economics.

Entering the Marine Corps in 1940, the colonel saw action in the Pacific Theatre during World War II. From the period 1950-52, the base chief of staff saw one of his most unusual duties when he attended the Command and Staff course and the National War College of the Ecole Supérieure de Guerre in Paris, France.

Super-Hurricane Pounds Atlantic

MIAMI (UPI) — Super-hurricane Esther, piling up waves 21 feet high in the open sea, pounded through the Atlantic in the direction of the U.S. mainland today with winds up to 200 miles an hour.

The mighty hurricane, fifth of the 1961 season, still was hundreds of miles east of Miami but was moving west-northwest. That course would put a long stretch of U.S. coastline in danger in a few days.

Gordon Dunn, the U.S. Weather Bureau's chief hurricane forecaster, said any threat to the mainland would be known "within the next 24 hours."

Esther was described as a "large and dangerous" hurricane in official weather dispatches.

A 3 a.m. EDT. bulletin from the Miami Weather Bureau fixed Esther's position near latitude 26.1 north, longitude 68.5 west.

Water, Water

WASHINGTON (UPI) — The United States was using 60 per cent of its available fresh water supplies in 1960 and in 1975 it may be using 88 per cent, the Population Reference Bureau reports.

That was about 360 statute miles north-northeast of Turk's Island in the southeast Bahamas, 725 miles east of Miami and 485 miles south-southwest of Bermuda.

Schwartz Rites This Afternoon

Funeral services for Louis Schwartz, 57, 1944 Avery Dr., will be held at 2 p.m. in Eden Memorial Park, San Fernando, with Rabbi Ben Zion Bergman officiating.

Schwartz, a native of Poland, died Saturday in Desert Hospital after a sudden illness. He had lived in Palm Springs one year, in California 14 years.

Survivors include his widow, Mrs. Ida Schwartz; two daughters, Mrs. Audrey Robin, Van Nuys, and Mrs. Arlene Kay, Venice; three brothers, Samuel Schwartz, Hemet, and Irving and Morris Schwartz, New York; and a sister, Mrs. Etta Reick; plus three grandchildren.

Interment will be in Eden Memorial Park.

Goodie Hits Mayor for Walking Out

SALINAS (UPI)—Former Gov. Goodwin J. Knight has accused

Knight told 300 delegates at the San Francisco Mayor George Christopher of walking out on a fight with him.

California Republican Assembly Sunday, that he thought it strange that Christopher left the conference after charging the former governor had a "fanatical obsession" against the Republican Party.

Earlier, Christopher had quoted Knight as doubting that "Dick Nixon could beat Gov. (Edmund G.) Brown."

Knight said Sunday that the mayor misquoted him.

"When the mayor was advised I was going to answer his charges, he left suddenly for San Francisco. It seems strange he has pressing business," Knight said.

Former Lt. Gov. Harold J. Powers, now a candidate for governor, also addressed the Republican Assembly.

Powers told the conference, "If we lose the election in 1962, the Republican Party in California will go down the drain and we will be rooting from the sidelines for the loser for the next 10 years."

The Assembly Board of Directors, acting as a fact-finding committee, adopted several resolutions, including support of a U.S. Senate Committee investigating recent "gags" on military personnel, a resolution endorsing legislation which would outlaw the Communist Party in California, and one opposing federal controls on education.

Water Men to Hold Meet Here

The California Water Commission will hold a meeting in Palm Springs on Friday, Dec. 8, to coincide with the annual convention of the Irrigation District Assn. of California. John Bryant, chief engineer of the Riverside County Flood Control District and member of the commission has announced.

The meeting will be at the Riviera Hotel and will concern the California Water Plan, particularly the "North Coast Projects."

More Sleep Due Saturday Night

You can sleep in for an extra hour next Sunday, friends.

That day, the last Sunday in September, ends California's summer period of Daylight Saving Time.

If you wish to be official about the change, you will turn your clocks back one hour at 2 a.m. Sept. 24 at 2 a.m.

However, most of us will just knock back that hour when we go to bed on Saturday night.

World War II Vet To Head National Guard Unit Here

M-Sgt. Robert L. Garcia, a veteran of early World War II combat and guerilla warfare on Luzon and Bataan in the Philippine Islands, has been named acting commander of Company C, First Battalion, in a California National Guard Reserve emergency defense organization here.

Sgt. Garcia, an intelligence officer in the Riverside County CNR for two years, received the go-ahead from Maj. Gen. Ivan L. Foster, CNR chief of staff. Garcia was named to the provisional command of the forming guerilla-type unit by Maj. Dana R. Backus, commander of the First Battalion and a fellow Philippine combat veteran with Garcia.

Garcia has joined other CNR units in launching Operation Readiness, to prepare for possible emergency duty. A public meeting is scheduled here this month, with Brig. Gen. Azro J. Maxham, CG of the state National Guard as a special guest speaker.

Following the meeting, Sgt. Garcia plans an intensive recruitment drive for his special duty unit. "Our aim is to cooperate and assist all civil defense units as much

English Police Jail Over 1000 Demonstrators

LONDON (UPI) — Arm-weary police early today carted off to jail the last of 1,310 Britons who courted arrest by staging anti-nuclear sit-down demonstration in Trafalgar Square.

Despite a call by their leaders to fill England's jails to overflowing, less than half accepted the challenge. The rest put up bail so they would not have to spend the night behind bars.

Among those arrested were playwrights John Osborne and Shelagh Delaney, author Alan Sillitoe, Labor Member of Parliament Fenner Brockway and Canon John Collins, leader of the Campaign for Nuclear Disarmament.

Philosopher Bertrand Russell, 89, ending a one-week jail sentence this morning, issued a statement from his cell in which he called for worldwide resistance against what he said was the immediate threat of atomic destruction.

Russell, his wife and 30 other leaders of Sunday's demonstration sponsored by the Committee of 100, were arrested last week in a police preventive measure.

Four thousand blue-coated policemen and stopped them from marching to Parliament Square.

The campaigners invited arrest in some cases by trying to break through police lines but most just sat down and refused to move.

Police literally carried them to police vans and trucked them off to jails.

as possible. Now is the time to educate and train the people. We must not wait until after we have been attacked," Sgt. Garcia explained.

Interested persons between the ages of 18 and 55 may contact Sgt. Garcia at 2110 Girasol Ave., or phone 324-3054 between 9 a.m. and 9 p.m. daily.

Resort Reports

Promoted within

... the Cadet Corp of Army and Navy Academy in Carlsbad was Chandler Brown, son of Judge and Mrs. Merrill Brown of 37-921 Palo Verde Dr., Palm Springs. He was raised to the rank of Staff Sergeant.

Braemar residents

... Mr. and Mrs. Wesley Hines and the Sidney Freemans, who have been spending weekends here during the summer, are planning to return as permanent residents in mid-October.

State Crew Here Sets New Record

The California Division of Highways maintenance crew stationed in the City of Palm Springs have completed six years of work with no lost time personal injury accidents as of Aug. 16, according to C. V. Kane, district engineer in San Bernardino.

The crew is under the supervision of R. A. Dewey, highway foreman, and includes D. R. Henderson, D. A. Liverman, R. S. Thurman and J. A. Gibson. All maintenance work on approximately 60 miles of State highways, including U. S. Highway 60-70-99 between its junction with State Sign Route 111 and Thousand Palms, and State Sign Route 111 easterly to Palm Desert and the Twenty-nine Palms Highway (Legislative Route 187) Northerly of U. S. Highway 60-70-99 to Morongo Valley, is handled by this group.

'Right-to-Work' Committee Set By US Chamber

WASHINGTON (UPI) — The U. S. Chamber of Commerce today announced the creation of a special committee for voluntary unionism to work for passage of state "right-to-work" laws.

Richard Wagner, president of the business organization, said the group would "spearhead and stimulate a drive for an end to compulsory unionism wherever and in whatever form it may exist."

Wofford P. Camp, president of W. B. Camp and Sons, Inc., Bakersfield, Calif., and treasurer of the national chamber, was named chairman of the 22-man committee.

"Right-to-work" laws ban union shop agreements which provide that workers must join a union to retain their jobs.

Such laws, denounced by organized labor as union-busting measures, are on the books in 19 states.

Wagner said that opponents of "right-to-work" laws were trying to persuade Congress to repeal the section of the Taft-Hartley Act that permits states to pass such legislation.

The new committee will help to "defend" this section, he said.

Police Officers to Attend LA Meet

Three Palm Springs police officers will attend a briefing session on the revised state motor vehicle code in Los Angeles Wednesday.

Lt. Dale Thompson, Sgt. Richard Harries, and Sgt. Robert Young will attend the session in the Los Angeles police academy. One major provision of the new code sections is a prohibition against an open container of alcoholic beverages in a motor vehicle.

Convening today

... William H. Smith, president, and Arthur L. Cooper, executive vice president of Coachella Valley Savings and Loan, are attending the 71st annual convention of the California Savings and Loan League in San Francisco. The meeting will last three days.

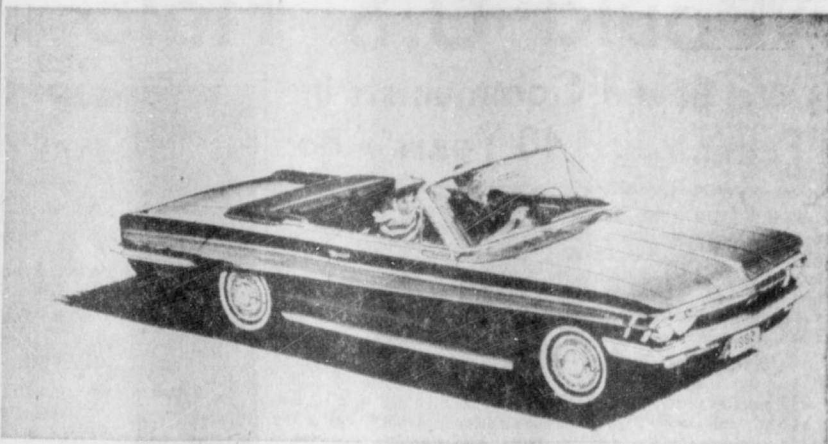

Speaking of

... promotions, Ron Williams, son of Mrs. M. G. Grow of 2475 Cahuilla Hills, Palm Springs, was made a first lieutenant at the same school.

Among persons with hearing impairments, proportionately more females than males have hearing aids.

THE DESERT SUN Page 3

NEWEST MEMBER of nine of Oldsmobile's F-85 which features bucket front seats and the models for 1962 is the Cutlass Convertible, ultra high-compression engine.

Two Convertibles Added by Oldsmobile

LANSING — With the introduction of two exciting new convertibles in 1962, Oldsmobile is expanding its F-85 line to a total of nine models. J. F. Wolfram, Oldsmobile general manager and a vice president of General Motors, announced.

The Sports Convertible and the Cutlass Convertible, along with the other F-85 models, and the Oldsmobile 88's, 98's and Starfires for 1962, will be shown to the public at Oldsmobile dealer showrooms on Friday.

The new Cutlass Convertible, like its companion model, the Cutlass Coupe, will be equipped with all-Moroccan interiors, front bucket seats and the Cutlass 185 ultra-high compression, aluminum V-8 engine.

"This engine," Wolfram said, "with its 215 cubic inch displacement, a four-barrel carburetor and a 10.25 to 1 compression ratio, gives spectacular performance with surprisingly good mileage on premium grade gasolines."

The Cutlass engine is available as an extra-cost option on all F-85 models, he added.

The standard engine for all other F-85's is the 8-cylinder, 135-horsepower, aluminum Rockette engine, widely acclaimed for its performance and economy. It also has a displacement of 215 cubic inches, but is equipped with a four-barrel carburetor and 8.75 to 1 compression ratio for operating with regular grade fuels.

Among the body design improvements noted by Oldsmobile's general manager is almost two inches of additional leg room in the rear compartment of the four-door models for increased passenger comfort.

NOW! A NEW WORLD OF WORTH!

NEW FROM DIESEL TO DAZZLE!

'62 CHEVROLET JOBMASTER TRUCKS!
WITH NEW High Torque Power

Here they are—handsome, functional '62 Chevrolet trucks powered to work harder in every weight class with the highest torque in Chevrolet history.

Meet the eagerest, earningest crew of new trucks that ever shouldered a load!

There's a wider choice of power, a wider choice of torque, across the board. For heavies, there's the new High Torque 409 V8*, with 16½ per cent more torque than ever before available from Chevrolet. Big news in the middleweight class is the new Chevy-GM 4-53 Diesel, backed by years of GM Diesel experience. In the light-duty lineup, the High Torque 261 Six* adds new sock in extra-tough applications. All told, you can pick from nine rarin'-to-work, ready-to-save '62 Chevrolet truck engines.

Handsomeness new work-style includes forward-sloping hoods that allow drivers to see as much as 10½ feet more of the road. Chevrolet's famous Independent Front Suspension gives you a smoother riding, easier working, longer lasting truck. New heavier duty, smoother hypoid rear axles add new beef and brawn in the middleweight class. Rugged new I-beam front axles* of 9,000- or 11,000-lb. capacity are available on Series 80 heavyweights. Mufflers are longer lived on all models.

You'll find a total of 138 models in the new '62 Chevy line—including three work-proved, versatile Corvair 95's. Every model is built to out-haul, out-last and out-value any other truck at anywhere near the price. See your Chevrolet dealer!

*Optional at extra cost

CHEVROLET

New FLEETSIDE PICK-UP. Most modern version of America's most popular pickup.

New SERIES 60 DIESEL. Diesel savings and Chevy durability.

New SERIES 80 TANDEM. Best choice for the big ones! Has extra-rugged K-braced ladder frame and true-tracking Eaton-Hendrickson tandem bogie.

Would U.S. Help Russia?

We Saved Communists in Famine Just 40 Years Ago

By LOUIS CASSELS

WASHINGTON (UPI) — Suppose that Communist Russia were hit by one of the most terrible famines in history and that 20 million persons were faced with starvation unless outside help was rushed to them.

What would Americans do about it?

The question is not hypothetical. It already has been answered by history.

Forty years ago, in 1921, precisely such a famine stalked Russia, where an infant Communist regime was bloodily consolidating its power. Americans were faced with a choice. They could let the famine run its course and perhaps lead to a revolution that would topple the Communist regime. Or they could put humanitarian concern ahead of politics and speed food, medicine and other help to the people of Russia.

The story of America's generous response is told, with detailed documentation never before made public, in a book published by former President Herbert Hoover. It is Volume III of "An American Epic," the planned four-volume history in which Hoover recounts the "great enterprise in American compassion" which he directed as American Relief Administrator during and after World War I.

Accounts U.S. Relief

The 392-page book gives a nation-by-nation account of American relief which was extended to more than one billion human beings overseas between 1917 and 1923. The chapters on the Russian famine of 1921-23 are of particular interest because Communist propagandists have been trying for more than 30 years to convince the world that America took advantage of the famine to send "counter-revolutionary" agitators into Russia.

Hoover corrects the record on this "Big Lie" by publishing the

facts and figures on the massive relief effort which Americans undertook under his leadership. With funds contributed largely through religious and private charitable organizations, Americans sent more than \$80 million worth of food and medical supplies to Russia. Through two famine-stricken winters, American food provided the margin of life for 6 million Russian children and about 14 million adults in a huge area of the Volga Valley and the Ukraine.

Harass Program

Although the Communist regime has appealed for help and signed an agreement authorizing the American Relief Administration to distribute supplies in Russia, Hoover relates that the relief effort was subjected to constant harassment and obstruction by the Soviet government. On many occasions, Soviet trains refused to haul the American relief supplies from ports to inland areas where people were starving. Lack of cooperation reached a grim climax, Hoover recalls, when the Russian Government authorized exports of grain from southern Russia at a time when Americans were still shipping in food to prevent starvation in other areas of the country.

Hoover says he and Secretary of State Charles Evans Hughes believed, at the time the relief effort was organized, that there was "a remote possibility that a generous action by a free people might have some moderating influence upon the bloody regime in the Kremlin."

But even had he known in advance that the Russian government would respond with one of history's most massive displays of ingratitude, Hoover makes clear, he still would have gone ahead with the famine relief program in Russia.

"Our consciences told us," he says, "that we had to do the best we could where 20 million people were about to die."

New Tools, Techniques Put 'Nerve Center' in Office

By JESSE BOGUE
UPI Financial Editor

NEW YORK (UPI) — Whatever became of the rollopp desk?

Some can still be found in a few Wall Street areas offices where the solidity of tradition may still be a business factor. Some lucky firms may have office room left to keep one around as a memento of a founder, or even because an executive is accustomed to using a rollopp and won't give it up.

But the rollopps, and the type of office in which they sat, have almost vanished as the pressure on the office operation in large firms and small has increased, and the office machine—the computer, the copying device, the modern communications channel between office and plant or office and office, have taken over.

Dun's Review and Modern Industry, published by Dun and Bradstreet Publications Corp., made a special report on the problems business faces in turning to the new tools and technique of data handling.

Speed Vital
Reporting on the results of

thoroughgoing roundtables conducted in New York and Chicago among the makers and the users of modern office machinery, the magazine said in its "special report" section:

"If top management is the brain of business, the office has become its nerve center. It is a nerve center, moreover, which must function with incredible efficiency... speed alone has become a vital necessity."

In case you haven't poked around a modern office recently, here are some of the machines you might see in use:

—A copying machine, to handle copies of an original, as it emerges from a typewriter—and the typewriter itself is undergoing changes in appearance and in action. The "special report" notes that copying machine sales were a little more than \$170 million three years ago, last year nearly \$50 million more, this year might be at a quarter-billion dollars.

—Automatic Stapler
—Automatic staplers, to replace the old hand ones which gave a stalling operation the occasional motif of pounding drums.

—Information retrieval systems in the form of microfilm files; new and special filing cabinets, others operable at the touch of a button.

—And the computers and their attendant systems: For feeding information, for taking it out and sending it elsewhere, for making the fullest use of the capabilities of the machine.

—Interoffice communication systems, internal TV, recorders rather than clerks for taking orders. Not much room left for the rollopp.

GUESTS OF HONOR at a party scheduled Friday by the Desert Press Club at the Spa in Palm Springs will be this cycle-riding trio. They are Roberta Shore, Bob Cummings and Murvyn Vye, stars of the new Bob Cummings Show, which is to be previewed the following night at Desert Air Hotel. Many of the scenes in the new television effort were shot at the Palm Desert facility.

Big Money Voted Despite Debts

WASHINGTON (UPI) —Despite warnings the government was rushing into debt by nearly \$1 million an hour, the House has voted \$573 million for such items as buying spy-proof telephone

scramblers for diplomats and helping fish over dams.

The House passed and sent to the Senate Friday a supplemental appropriation bill that was hopefully described as the last of the current congressional session.

Among the scores of items in the bill were \$120 million for airport aid; \$1.9 million for "voice encryption" equipment for the State Department; \$48 million to put weather satellites to work

helping forecasters improve their score; and \$400,000 to supplement present research on how to get migrant fish over dams.

An extra \$3 million was provided for Selective Service to cover costs of the current draft speed-up; and \$375,000 was included to start a government investigation of the stock market.

The Defense Department would get \$41.6 million to cover repairs to its fire-wrecked aircraft carrier the Constellation; and \$150,000 was provided to complete financing of a memorial off the sunken battleship Arizona where victims of the 1941 Japanese attack still lie buried at Pearl Harbor.

Nikita Aims At People and Governments

By PHIL NEWSOM
UPI Foreign News Analyst

As Nikita Khrushchev piles straw upon straw in the hope that the camel's back will bend but not break, the pattern of his campaign becomes clearer.

He seeks not only to bend the will of governments. He also aims especially at peoples.

Thus Communist radios beam special language broadcasts which warn British businessmen, French laborers or Italian vineyard workers that they may die in a world holocaust because of the mistakes of their governments.

In an interview, Khrushchev refers to Britain, France and West Germany as his "hostages" in a nuclear war.

Message For Iran

Soviet propaganda aims the same message at Iran, which is a member of CENTO pact nations barring the Communist path to the Persian gulf.

The use of forged documents is a familiar Communist tactic and this was one of the pressures they applied against Iran.

This consisted of documents purporting to show that the West planned to drop nuclear bombs along the Soviet-Iran border to create a "death zone" if war broke out.

Despite immediate action by the CENTO pact nations—Iran, Pakistan, Turkey and Britain—and by the United States to brand the documents as forgeries, the Soviet Union has continued to circulate the claims.

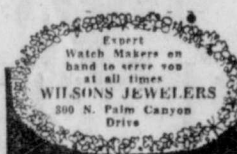

It also has repeated a familiar charge that the United States intends to attack Russia through Iran.

May Invoke Treaty

Soviet officials in Tehran, the nation's capital, talk openly of invoking a clause in Russia's 1921 treaty with Iran.

This clause gave the Soviets the right to occupy Iran if Russian security demanded.

It actually was invoked in 1941 and Russian troops continued to occupy northern Iran until United Nations pressure finally forced them out in one of the U. N.'s first great victories in 1946.

HOME MAKING and FASHIONS

Sue Raymond, Editor

Monday, Sept. 18, 1961 THE DESERT SUN Page 5

MRS. IRWIN COULTON prepares mandlen that will be served with chicken soup, when her family gathers for a holiday dinner tomorrow evening. (Desert Sun Photo)

Holiday Meal

The evening meal served in Jewish homes tomorrow will have to suffice for 24 hours. In honor of Yom Kippur, which will be celebrated Wednesday, Jews will fast from sunset Tuesday until sunset Wednesday.

In her Mesquite home, Mrs. Irwin Coulton will serve a Kosher meal for 10. Dining with her will be her accountant husband, and their two sons, Larry and Bob, with their wives and five children. The Coulton's third son, David, is with the armed forces and stationed at Fort Ord.

In preparing her menu, Mrs. Coulton will add little spice to avoid an after-thirst, which will be unquenchable for a day.

Her recipes are family heirlooms and made with a dash of know-how and experience. With roast chicken and potatoes, she'll serve chicken soup and mandlen; carrot 'simmes, apple strudel, and tea. When offering the following recipes, Mrs. Coulton noted,

Divide Room With Screen Or Furniture

To divide one area of a room from another, various devices can be used. Paneled wood screens are one graceful solution.

Various storage pieces also can serve as room dividers. One new divider in American walnut has shelves and cupboard space alternating with decorative panels.

For a low-level room divider, there is a rectangular cocktail table that conceals linen storage. This walnut chest is finished on all four sides. It can be placed anywhere to break up the length of a room.

Bookshelves of walnut supported by poles are still another effective device. When the shelves are installed permanently they can be closed off at one side with wood paneling.

If the divider is to be built into the room, another good device is to frame shoji screens in walnut. These translucent Oriental screens let the light filter through. Hand-some woodwork accents their sheerness and delicacy.

An excellent divider is a storage section extending at least five feet out from a wall. Most storage sections are custom built. Walnut doors that open from either side make it easy to get to chinaware or linens stored in the cabinets.

ATLASTA A GOOD BEEF Sandwich was the name given the sandwich which won the 1960 Sandwich Queen crown for Mrs. Hellen Millward of Nevada. The winner received a European trip and cash award.

Choose Your Wardrobe as Your Friends

By DON LOPER

Choose your wardrobe as you would choose your friends. Be selective, settle for quality instead of quantity and make up your mind that you will want to live with it for a long time. Good clothes, like good friends whom you cherish, are ageless.

Take as much care of your wardrobe as you would your friends. Give it your constant attention just as you must work constantly at keeping your friends. A good wardrobe is a reflection of your taste, an exterior badge for all the world to see and by which to judge you.

The woman who is perfectly groomed never feels hot or cold, whether it be summer or winter, because she feels beautiful. She generally has that understated look, which is the hardest look in the world to achieve. Yet you can have it for \$9.75 if you know how to do it.

She wears a minimum of jewelry, for instance, and then only the real things. She avoids cheap furs, preferring good cloth coats and ensembles. She doesn't do the matching hat and glove routine, which can make the unwary look like Easter bunnies. She dismisses fads as a waste of money, a knowledge which she learned through experience.

She likes the scrubbed look, with makeup which includes only eyeshadow, mascara and lipstick. When she finds cosmetics which are perfectly suited to her, she never varies from them. Her nails are done in natural polish. She leans toward simplicity in costume, coiffure hats and footwear.

She dresses for the man in her life, not for her girl friends. Whenever she can, she tries to get her husband to help her in major wardrobe selections. She always has his 'favorite dress' ready for the occasion when he says, "Why don't you wear that dress I like best?"

She isn't afraid to spend money for items which she feels are essential, but by the same token, she never wastes it.

Store fresh meat, uncovered or loosely covered, in the coldest part of the refrigerator. This allows air to circulate around the meat and causes only a slight drying of its surface. Fresh meat may be placed in the refrigerator in the original wrapper if it is to be used within two days.

IT'S LAUNDRY DAY

CHAMPAGNE to SHAMPOO

by Sue

You don't often see working girls with accessories to match each outfit, but Jan Lotz has got the problem licked. To match her gold clogs, she's sprayed gold on a straw bag and hat. To tie this in with her dress color she switches hatbands daily. The bands are made from chiffon, velvet, or whatever's at hand. What happens when the old' worn bag and hat tend to tarnish? Grab a can of paint and respray!

Visitors in Marion Sayle's Palm Desert home can't help but comment on her floral arrangements. They're simply beautifully and beautifully simple.

To a vari-colored assortment of small artificial flowers, she adds a collection of birds, bees, and bugs. Nestled among the flowers, they bring reality to artificiality.

A member of A.A. (after al-

cohol) who prefers to remain anonymous suggests this morning-after eye-opener: In a food blender mix half an avocado; a can of Snappy Tom (spiced tomato juice); a scoop of cottage cheese; and a cup of buttermilk. Down this magic potion and you won't be downhearted anymore.

Are your eyes dull, and lifeless this morning after, the evening before, and just at all the time? Try Ruth Lyla's recipe for that wide-awake look. Soak tea bags in warm water and place on eyes (after you close them) for 20 minutes. Things will look clearer looking out or in.

Peeking in Phyllis Garfield's Rancho Mirage refrigerator, I noticed things were upside-down and sideways... e.g. the catsup, the mayonnaise and the honey. By keeping the catsup on its side, she

never has to "hit the bottle." It's always in "top" shape. By keeping her jam and mayonnaise tightly-capped and upside-down, she avoids scraping the bottom of the bottle.

Hairdresser Tim Johnson advises 600 brush strokes a day to keep that dull look away. No artificial oil (at any cost) is better than nature's own oil. If your problem is too much oil, start counting in fives to 600... your oil glands will normalize.

Incidentally, if you're given to pulling your hair out, don't stop. It's good for you.

From Sue to you: Any of you celebrities have trouble autographing glossy photos? Pick out the spot for your John Hancock and rough it up with an eraser. With the smooth finish gone, you can ink sweet sentiments easily.

AL PATANE, past commander of the American Legion, is presented a plaque in recognition of the recent Flag Day observance in Palm Springs, by Pat Cohan, Deputy District Grand Exalted Ruler of the Elks. The presentation was made originally at a recent national convention of B.P.O. Elks in Miami, Fla. The Palm Springs Lodge 1905 was one of the few in the country to receive such an honor. (Desert Sun Photo)

Channel Swim...

The Channel Swim: Pat Stanley, a featured Broadway musical comedy performer, has been added to the cast of "An Old-Fashioned Thanksgiving," the full-hour "Americana"-style special that airs Tuesday, Nov. 21, on ABC-TV. Charlton Heston stars in the Robert Sander production.

Henry Fonda, the host-narrator for "The Good Years," a 90-minute CBS-TV special set for Friday, Jan. 12, also plans to act in several scenes. The Leland Hayward production is based upon Walter Lord's book.

Comedian Charlie Manna returns to "The Spike Jones Show" on CBS-TV Monday, Sept. 18, for his second guest appearance of the summer...

WHERE'S THAT HAMBURGER MEAT I BOUGHT FOR DINNER? SEARCH ME, MOM.

I HAD IT RIGHT HERE IN THIS DOG FOOD CARTON—

—THAT WAS TO FOOL THE BOYS SO THEY WOULDN'T EAT IT!—

WINGEY FED THAT TO HIS DOG.

MUGGS & SKEETER

HISKEETER, I WANT YOU TO SEE THE NEW WATCH MY MOTHER GAVE ME...

IT HAS EVERYTHING...IT'S SELF-WINDING...HAS A CALENDAR THAT TELLS THE DAY OF THE WEEK AND THE DATE...IS IT WATER-PROOF?

JOE PALOOKA

SURE... MY MOTHER SAID I COULD EVEN WEAR IT IN THE BEATLES...

I KNEW THERE WAS A CATCH...

NOW YOU'LL HAVE NO EXCUSE FOR NOT TAKING YOUR BATH EVERY NIGHT!!

How About Some Policing?

Heaven forbid that in this day of boards, commissions, bureaus and committees regulating our affairs, another one should be suggested. But there seems to be a need for another group, not to further regulate our affairs but to protect us.

A board is necessary to scan all charity drives and to give official approval only to those who are what they say they are, legitimate campaigns designed to aid certain groups, institutions and organizations.

A board is necessary to look over fund drive programs to determine how much of the public's dollar goes for purpose designated and how much for "expenses." Then, if the solicitation is found worthy and the intended beneficiaries really benefit, give the proposal its stamp of approval.

Of course, such established campaigns as the Community Chest, the United Jewish Fund and the like, are above suspicion. Their expenses are held to a minimum, headquarters consolidate the solicitor's efforts, stationery, postage and a minimum of incidentals. Volunteers man the staffs and in most situations, give generously of their money as well as their time.

It is the fly-by-night drives which plague the merchants and home-owners which the board would control. Palm Springs is a wealthy city and it attracts hundreds of wealthy visitors, an irresistible magnet for shady promoters. The busy season is just getting underway but before next summer, business men, offices, homes are going to be bombarded by money-raising campaigns.

Control of these many drives not only would protect the citizens but would greatly aid the legitimate drives which really go to our worthy institutions through the Chest and like solicitations.

This control board would have no legal powers but the moral effect would be great. No solicitor for a campaign bearing the stamp of approval would hesitate to show it. And those being solicited could use their own judgment if there were no stamp of approval showing how much of their dollar was going to charity and how much to the promoter.

It could cut down the plethora of money campaigns here every year.

(Pasadena Star-News)

The visit to the United States by Prime Minister Ikeda of Japan has been an encouraging aspect of an international scene otherwise filled with storm clouds and foreboding.

Japan, with its high level of industrialization, its skilled and ingenious population, and its stable, democratic government is a bastion in the Orient just as West Germany is a bastion up against the Iron Curtain.

A liberal trade policy, such as was agreed upon in the exchange of views between Ikeda and President Kennedy, is an essential in the relations between the United States and Japan, even though it is hurtful to textile manufacturers and some others in this country, who have been undersold by Japanese imports.

Japan is heavily dependent upon foreign trade. If we do not provide a market for her goods, she will have to turn elsewhere.

"Elsewhere" predominantly means Red China. Negotiations are already in progress to renew commercial relations between the two countries.

Here, it seems, we have the choice of liberalizing trade with Japan as much as we can, or, on the other hand, cutting her off at the pockets in response to complaints from our own textile industry and in a futile gesture of resentment at the trade she

is likely to develop with Red China. The United States would do well however, to keep in mind that Japan has shown no signs of political orientation toward Red China. Her face is turned firmly toward the West.

We have the support of the Japanese government, as expressed by Ikeda, in our policy seeking a nuclear test ban accompanied by effective inspection and control measures.

Everything possible should be done to assist the work of the new joint U.S.-Japanese committee formed to iron out trade difficulties between the two countries.

Japan has now reached the point where it can help contribute, as Ikeda put it, to the efforts of the free world to help hasten social and economic development and raise living standards in deprived areas.

If we can pour billions into assistance for undeveloped nations, we should be able to find a way to help a nation like Japan stand on her own feet.

From the Bible

"The fool hath said in his heart, there is no God."

—Psalms 14:1

"O Lord God, turn not away the face of thine anointed."

—II Chronicles 6:42

Remember When...

SEPTEMBER 18, 1951

The County Board of Supervisors was considering the changing of township lines. The proposed change would remove Desert Hot Springs from Banning township and place it in the Palm Springs township.

The growing importance of the Desert area brought about the setting up of a special Desert Empire division of the State Chamber of Commerce. Earl Coffman was named its chairman.

Palm Springs City Council named Earl O. Coffman and Francis Crocker to the Mt. San Jacinto Winter Park Authority.

SEPTEMBER 18, 1941

City Manager John Lange asked the City Council to study a plan to increase the size of the Field Club as a downtown area for adults and children recreation facilities. He also added that recreation facilities should be built around town giving youngsters a place to go.

Fire Chief Ionesio, back from a meeting of fire chiefs at Reno, Nev., told Palm Springs residents that it was the police and firemen's job to lead a civil defense organization here.

SEPTEMBER 18, 1931

Coachella Valley had too much rain, and the unwanted precipitation was causing the ruin of the date crop. Many tons of dates had already shown the result of the moisture, and weathermen were foretelling of more rain to come.

The 'Fallout' He Fears

Dear Abby...

... by Abigail VanBuren

DEAR ABBY: I think I am the woman whose neighbors wrote you to criticize her for whistling for her five children instead of calling them by name. Thank heaven my neighbors don't have anything worse than that on me. Imagine the fun they could have if I were caught secretly nipping at the bottle, or jollying around with the meter man!

I want to explain: Several years ago I had an operation on my vocal chords, and I was warned never to strain my voice. So that's why I whistle for my children. Thanks for letting me defend myself.

MRS. T.M.D.

DEAR ABBY: What's wrong with whistling for the kids? When I whistle for mine, all six of them plus two collies answer me. I have taught my youngsters to whistle because it is a great help if we should get separated from one another at fairs, on crowded beaches, in department stores or at football games. Thanks to our family whistle we have never lost a child.

WHISTLING PARENT

DEAR ABBY: I am 47, and our "family whistle" is now in use for the third generation. Three notes. One long and two shorts, started when my beloved parents, in their best years, summoned us children home from play.

Years later, lonely, blue, discouraged and almost desolate, I trod the busy streets of a strange eastern city. Like a miracle, above the traffic noises I heard three notes. True and clear! One long and two shorts. Stopped in my tracks, I waited breathlessly. Then—again! Much nearer. Suddenly I located the source. In the cross-walk, striding as fast as his long legs would carry him, was my home country cousin from our home town. Our tears mingled as he folded me tightly in his sheltering arms. Good food, talk of home and loved ones, rekindled energies to successfully complete my mission.

That's just one of dozens of cherished memories of our "family whistle."

ALABAMA

This Side of The Sun

By R. F. 'Phat' Graettinger

Now for a word on parking meters, To visitors, our front line greeters.

See by The Desert Sun that the city council after a bit of discussion—40 minutes—decided to buy 41 new parking meters. The discussion ranged from taking them all out to putting in more. The latter side won. Nothing was said about another important factor, cutting the price.

THIS IS, OF COURSE, my own opinion. With so many efficient drivers around willing, nay, eager, to give me a lift I quit driving some time ago, relegating myself to the so-called suicide seat at the right of the chauffeur.

So you can mark me as an absolute neutral such as Nehru and others of that ilk. Only more so. There isn't even any pink in my eyes.

PARKING METERS were designed with a specific purpose. To provide a greater turnover for mercantile establishments in the block by limiting the time a person could use one space, thus preventing someone from hogging them over long. Also to leave the curb spots for paying patrons, sending employers and employees to farther distant spots.

But today the meters seem to be having an opposite effect.

THIS OPINION is based on what a number of people, enough to represent a cross section of what the public is thinking, have told me.

They say the meters are limiting the number of patrons available to downtown merchants and sending people to outlying market centers where they can park for free or to parking lots established by some stores and institutions where their trade picks up the parking tab.

SO UNLESS there is speedy action to provide more parking lots, convenient to the downtown sector, it is going to suffer in continued decentralization.

Parking meters are essential in that they provide more diversified patronage for merchants, deter the parking hog who would otherwise stay over long in one spot to the detriment of others who'd like to shop downtown—and bring in added needed revenue to the city. Every city of any size has them.

BUT THEY DO have a tendency to decentralize a city, send people to market centers where they can find what they want plus free parking.

In this motorized age when the only people who like to walk are those who think they need the exercise, parking is a problem that must be solved soon. From what I hear, I don't think more meters will solve it.

IN ITS ACTION to buy more meters, the council went from a discussion of no meters at all, to more.

Nothing was said, as far as I could learn, about a compromise.

Cutting the price for the casual one-hour shopper or diner and provide for longer periods at a pro-rated cost.

Then the customer wouldn't have to interrupt a trade transaction to rush out to put more money in the meter or let his ice cream melt and coffee get cold to do likewise while in a cafe.

This would help our relations with the casual visitor whose first impression of the city is often from the curbside "gimme."

Soviets May Face Another Explosion in E. Germany

Notes from the foreign news cables:

Danger Point:

The Communists may be letting themselves in for another explosion in East Germany such as occurred on June 17, 1953, because of increased work quotas. The Communists recently have been calling upon workers voluntarily to work longer hours at the same pay to "support the Communist block against West German aggressors." The next step could be a general increase in work norms. These, plus a threatened food shortage, plus generally increased Communist pressures in sealed-off East Germany could explode into open rioting. Daring East Germans already are giving Communist functionaries trouble in public meetings with their open opposition.

Farm Revolt:

The chances are at least even that France's farmers will be out before the end of the year blocking the main roads of the country with hundreds of tractors.

LEGAL NOTICE

NOTICE OF INTENDED SALE. NOTICE IS HEREBY GIVEN THAT the Board of Supervisors of the County of Riverside, State of California, does offer for sale, and will grant by ordinance to the highest bidder, the sealed-off East Germany could explode into open rioting. Daring East Germans already are giving Communist functionaries trouble in public meetings with their open opposition.

A non-exclusive franchise for a period of 35 years to construct, operate and maintain a television antenna cable service together with all necessary appurtenances as may be required to operate and maintain said service along, under and across the public roads within the unincorporated area of the County of Riverside as the same now or may hereafter exist, for transmitting and distributing electrical impulses and signals for television or radio purposes; namely, to produce reproductions on nights and sounds to the residents of the unincorporated area of the County of Riverside.

Sealed bids in writing for such franchise will be received by the Board at the office of the Clerk of the Board, up to 10 o'clock A.M., on October 20, 1961, at which time the above mentioned in the board room of the Board of Supervisors, any and all sealed bids will be opened. Each sealed bid shall be accompanied with cash or a certified check for the amount of the bid and no sealed bid shall be considered unless the cash or the check is enclosed therewith.

At the time of the opening of the bids any responsible person, firm or corporation, present or represented by a duly authorized agent, not less than 10% above the highest sealed bid therefor, and any such person, firm or corporation, shall be required to deposit with the Board of Supervisors, in cash or by check, the sum of \$25,000.00, which shall be held as a guarantee of the successful bidder's performance of the franchise. If the successful bidder fails to perform the franchise, the said sum shall be forfeited to the Board of Supervisors.

The successful bidder shall deposit with the Board of Supervisors, in cash or by check, the sum of \$25,000.00, which shall be held as a guarantee of the successful bidder's performance of the franchise. If the successful bidder fails to perform the franchise, the said sum shall be forfeited to the Board of Supervisors.

The franchise of the franchise or its assigns shall, during the life of the franchise, be subject to the order of the Board of Supervisors of the County of Riverside, and the franchise shall be subject to the order of the Board of Supervisors of the County of Riverside.

The franchise shall be subject to the order of the Board of Supervisors of the County of Riverside, and the franchise shall be subject to the order of the Board of Supervisors of the County of Riverside.

The franchise shall be subject to the order of the Board of Supervisors of the County of Riverside, and the franchise shall be subject to the order of the Board of Supervisors of the County of Riverside.

The franchise shall be subject to the order of the Board of Supervisors of the County of Riverside, and the franchise shall be subject to the order of the Board of Supervisors of the County of Riverside.

The franchise shall be subject to the order of the Board of Supervisors of the County of Riverside, and the franchise shall be subject to the order of the Board of Supervisors of the County of Riverside.

The franchise shall be subject to the order of the Board of Supervisors of the County of Riverside, and the franchise shall be subject to the order of the Board of Supervisors of the County of Riverside.

The franchise shall be subject to the order of the Board of Supervisors of the County of Riverside, and the franchise shall be subject to the order of the Board of Supervisors of the County of Riverside.

The franchise shall be subject to the order of the Board of Supervisors of the County of Riverside, and the franchise shall be subject to the order of the Board of Supervisors of the County of Riverside.

The franchise shall be subject to the order of the Board of Supervisors of the County of Riverside, and the franchise shall be subject to the order of the Board of Supervisors of the County of Riverside.

The franchise shall be subject to the order of the Board of Supervisors of the County of Riverside, and the franchise shall be subject to the order of the Board of Supervisors of the County of Riverside.

The franchise shall be subject to the order of the Board of Supervisors of the County of Riverside, and the franchise shall be subject to the order of the Board of Supervisors of the County of Riverside.

The franchise shall be subject to the order of the Board of Supervisors of the County of Riverside, and the franchise shall be subject to the order of the Board of Supervisors of the County of Riverside.

The franchise shall be subject to the order of the Board of Supervisors of the County of Riverside, and the franchise shall be subject to the order of the Board of Supervisors of the County of Riverside.

The franchise shall be subject to the order of the Board of Supervisors of the County of Riverside, and the franchise shall be subject to the order of the Board of Supervisors of the County of Riverside.

or jamming traffic in provincial towns with farm carts. Farmers are dissatisfied with farm prices and impatient with the way the government is handling the problem. President De Gaulle has told them they are in the midst of an evolution and that it takes time.

Labor Shortage:

A new stream of foreign workers is expected to start flowing into West Germany soon as result of arrangements with other nations within the common market community. The foreign labor force in West Germany already totals more than a half million and there are five jobs waiting for every person without work.

Laos Settlement?

Soviet Premier Khrushchev may be right in predicting settlement soon of the situation in Laos. But the 14-nation conference on Laos which has been working on the problem in Geneva for the last four months just now is finishing up its first round bargaining.

LEGAL NOTICE

CORPORATION as Trustee in each of said Deeds of Trust, at 11 A.M. on Thursday, October 5, 1961, will at public auction to highest bidder for cash, payable at time of sale in lawful money of the United States of America without covenant or warranty, expressed or implied, as to title, possession or encumbrances, the interest conveyed to and now held by said Trustee under said Deeds of Trust in and to each lot or parcel of real property as described in each of the aforementioned Deeds of Trust for the purpose of paying the respective obligations secured by said Deeds of Trust and interest thereon, and expenses of the Trustee, advances, if any, under the terms of said Deeds of Trust and interest thereon.

Said Sales will be held at the Main Street entrance of the Riverside County Courthouse in the city of Riverside, State of California.

Dated: August 29, 1961. LYTON FINANCIAL CORPORATION, Trustee. By: Virginia Palmer. Published: Sept. 4, 11, 18, 1961.

OUT yells ump Dusty Boggess as Brave Roy McMillan tries to score at the plate on a hit by Hank Aaron in the sixth. John Roseboro of the Dodgers stopped him, as LA stopped Sudsville in the 11th frame. (UPI Telephoto)

Maris Gets 58th

Yankees, Maris Stop Tigers 6-4

United Press International
The magic number two for both the Yankees and Roger Maris — two wins to put the Yankees in another World Series and two homers to put Roger Maris on a pedestal with Babe Ruth.

The countdown for both the team and the man neared 700 Sunday when Maris hit his 58th homer of the season to give the Yankees a 6-4 12-inning victory over the Detroit Tigers. Time is the key factor — time that is overwhelmingly on the side of the Yankees but which is running out rapidly on Maris.

After 151 games and 58 homers, the battle is joined between Maris and Ruth alone. Maris' 58 homers are exceeded in major league history by only one man — Ruth, with 59 in 1921 and 60 in 1927. The so-called pace that Roger has been concerned with for two months is now meaningless. All that matters is that Maris has three games before the 154-game deadline imposed by commissioner Ford Frick. Two swings to tie and three to bring the great old record tumblin' down.

Play Orioles

The climax of the great baseball drama occurs in Baltimore Tuesday and Wednesday nights when the Yankees play the Orioles a two-night doubleheader and then a single night game. Maris hasn't hit a single homer in Baltimore this season but he's always been a streak hitter and he looks like he's on a hot streak that

might just put him over the top. Maris, who had hit No. 57 on Saturday, connected for No. 58 against Terry Fox Sunday to put the Yankees 10½ games ahead with 11 to play. One victory will clinch a tie for their 11th pennant in 13 years and their first under Ralph Houk, and two makes it official.

It still appears that the Yankees will be squaring off in the World Series against the Cincinnati Reds but the Los Angeles Dodgers are giving it the old college try. They scored an 11-inning 4-3 victory over the Milwaukee Braves Sunday and moved within 3 games of the Reds, who dropped a 4-0 decision to the Philadelphia Phillies.

In "so what" American League games, Chicago beat Los Angeles, 8-1 and 4-3, Boston shaded Baltimore, 1-0, Minnesota downed Cleveland, 5-0 and 5-3, and Kansas City defeated Washington, 3-2. St. Louis beat Pittsburgh, 3-0, and San Francisco whipped Chicago, 8-2, in the other NL action.

Emerson, Laver Favored in First

LOS ANGELES (UPI)—The two top-seeded foreign stars, Roy Emerson and Rod Laver of Australia, were expected to have little trouble today in their first-round singles matches at the Pacific South-west Tennis Tournament.

THE CLOCKER for the Salton City 500 mile championship boat races will be Otto Crocker, San Diego speed enthusiast whose equipment is certified to 1-10,000th of a second. Crocker is former commodore in San Diego.

Crocker The Clocker To '500'

SALTON CITY — Otto Crocker, a man who has time on his hands and likes it, will be the man logging the action when the Salton City 500 Mile National Championship Boat Race is held on Salton Sea, Nov. 11-12.

Crocker the Clocker, an intense, little round man from San Diego, is recognized all over the racing fraternity as being the best in his business.

Just having Crocker on the officials' stand for the Salton City event is all boat racers need to know. For, with Crocker manning his battery of watches, participants always know their times

are correct, whether they're racing for fun or records.

Otto is a familiar figure at all major speed events, if it is the Gold Cup of hydroplane fame, at Bonneville Salt Flats — you name it — Crocker the Clocker is the man giving the final word on times.

Crocker, who for the past 33 years has spent his spare time clocking speed events, has equipment, which has been certified by the National Horological Institute, that can time objects with accuracy of 1-10,000th of a second.

Crocker's week-day business is electrical trouble shooting for a chain of San Diego banks.

Dodgers Perk Up As Snider Belts 4-3 Over Braves

LOS ANGELES (UPI) — With their backs to the wall, the Los Angeles Dodgers today refused to admit they were out of the pennant race.

Duke Snider, who drove in the three runs that brought the Dodgers a 4-3 victory in 11 innings Sunday over the Milwaukee Braves, expressed the attitude of the team when he said, "We might still sneak in there."

The overtime game was the fourth straight win for the Dodgers and the third in a row over the Braves, the last two coming in 11-inning contests.

With the Braves departing, the Chicago Cubs arrive today for tonight's opening of the Dodgers' final series at home. Manager Walt Alton was forced to call on rookie Phil Ortega (0-0), to start because his pitching staff was so low. He will be opposed by Don Cardwell (13-12), who has not beaten the Dodgers this year.

Angels In 8th After Sox Win In Doubles

CHICAGO (UPI) — The Los Angeles Angels today had a needed day of rest before their final road series of the year—a brief two-game stop at Detroit—and then the trip home to close out their opening American League season.

The Angels ended their season's play Sunday in Comiskey Park on a particularly sour note, losing both ends of a long doubleheader to the White Sox, 8-1 in the first game, and 4-3 in 10 innings in the second game.

The twin defeat knocked the Angels out of seventh place, a niche they had occupied for some time, and sent them to eighth—a half-game behind the Minnesota Twins. The Twins are 35 games behind the New York Yankees and the Angels 35½.

With ninth-place Washington a distant 45½ back it is doubtful the Angels will drop any more in the standings before the season ends on Oct. 1.

Nicklaus Retains His Amateur Golf Crown

PEBBLE BEACH, Calif. (UPI)—Might makes right in the case of Jack Nicklaus, 21, the re-crowned king of the amateurs and one of the strongest men in the game of golf.

The senior returned to his books at Ohio State today with the National Amateur Championship again for the second time in three years.

"And I can tell you right now," he said Saturday after his 8 and 6 victory over Dud Wysong, 22, Dallas, Tex., in the finals, "I'm not going to turn professional. I have other plans."

It's probable that he has had plenty of enticements. Some of the older pros watching the amateur tourney are of the opinion that the 205-pound, six-foot champion would be a big financial success from the start on the pro tour.

Nicklaus' plans include getting his college degree in business administration at Ohio State, with

a major in insurance. He is selling insurance, and hopes to continue in the future.

But there are some who have been telling him he could make \$100,000 a year as a pro.

He booms 250 and 280-yard drives down the middle of the fairways regularly. Nicklaus out-classed his foes in the 61st USGA amateur.

Chargers Crash Oakland 44-0; Card 6th In '61

SAN DIEGO, Calif. (UPI)—The future looks pretty bleak for the Oakland Raiders, although they are well on their way to a couple of marks in the American Football League record book—least points scored and most points scored against.

Coach Eddie Erdelatz and his battered troops have survived two conference games, but just barely. The Raiders are still looking for their first point, while the opposition has rolled up a total of 99.

However, the Oakland team has faced the AFL champions from outson and Western Division champs from San Diego in its first two outings. Next week the Raiders face the Dallas Texans—and they're hoping the Texas bunch won't be "lethargic."

Chargers' "Overconfident"? Coach Sid Gillman of the Chargers insisted his team was "lethargic, had poor workouts and felt overconfident" before Sunday's game with the Oakland Raiders—the prime factors for an upset by Oakland.

So what happens? Well, the lethargic Chargers lazily crush the Raiders, 44-0, before 20,216 fans in Balboa Stadium to run their 1961 win streak to six in a row.

Machen Favored For Jones After Halting DeJohn

SYRACUSE, N. Y. (UPI) — Heavyweight contender Eddie Machen, who stopped Mike DeJohn in the ninth round of their TV fight in Syracuse Saturday night, probably will be matched with unbeaten Doug Jones for another TV bout at Madison Square Garden Oct. 28.

Garden matchmaker Teddy Brenner announced today he is trying to arrange the 10-round bout between Machen of Redding, Calif., and Jones of New York, who boasts 19 straight victories including 11 knockouts.

Jones is ranked second among light heavyweight contenders, but is gunning for a shot at the heavyweight crown because of difficulties in paring down to the light heavyweight limit of 175 pounds.

Marr Sets Course Record On 265 Card To Capture Seattle

SEATTLE (UPI) — Dave Marr, "playing better than I know how," held a \$3,500 check today to prove to his wife that there really is a pot of gold at the end of the pro golfer's rainbow.

Marr, a 28-year-old player from Houston, Tex., sponsored out of Sun City, Ariz., won the top money Sunday in the \$25,000 Greater Seattle Open by sinking his eighth birdie-putt of the day, a 3½-footer, on the first hole of a three-way playoff.

In the playoff, he defeated Bob Rosburg, 34, Portland, Ore., and Jackie Cupit, 23, Longview, Tex.

"Coming up that 18th fairway with the beautiful Broadmoore clubhouse in the background is the prettiest sight I ever saw," Marr said.

It was particularly pretty because the Houston swinger stood 14 under par at the moment, and prettier still when he landed his approach a foot from the cup and grabbed an easy birdie.

His score for the day was 32-31—63, seven under par—lowest score of the 72-hole open—and his 265 total broke the course record of 266, held by Seattle amateur Ed Green.

'FRISCO IMPRESSIVE AS COLLEGIATES START

Coast College Football
By United Press International

The major West Coast football teams swing into action this weekend with a flock of intersectional games on the schedule, but some of the smaller schools already have dampened their feet.

The members of the Big Five—and a couple of former members of the old Pacific Coast Conference—will start right off with some of the nation's toughest competition.

In the Big Five, California entertains Texas, Stanford plays host to Tulane, UCLA plays at the Air Force Academy, and Washington takes on Purdue at Seattle in Saturday contests. Southern California meets Georgia Tech Friday night at the Coliseum.

The big independents from the Northwest will also have their work cut out for them. Oregon State meets Syracuse at Portland, Washington State goes against Missouri in the Midwest, while Oregon and Idaho tangle in a battle on the Ducks' home field.

San Francisco State came up with the most impressive showing during the past weekend, as the Gators served notice that they may be growing too big for their Far West Conference brethren.

The Staters made their debut under new football coach Vic Rowen by walloping the University of California at Santa Barbara, 59-0. The scoring outburst established a new school record—and gave the Gators their 20th victory

over a three-year span.

San Jose State and the University of Pacific had to fight for everything they got. The Spartans staved off a rally by Brigham Young University to edge the Cougars, 14-13, at Provo. BYU moved to within one point of the Spartans in the fourth period—but failed on a pass conversion which would have given them the victory.

Two other Far West Conference members gave indications that San Francisco State may have to work in its attempt for a third straight conference title. Chico State blanked Southern Oregon, 27-0, and Sacramento State whitewashed Pepperdine, 21-0.

The results of other games: Redlands 31 California Western 0; Hamilton AFB 12 Idaho State 12; Whittier 27 University of San Diego 0; Antelope Valley 23 St. George (Utah) 12 San Diego Marines 41; University of Mexico 16; Los Angeles Pacific 2 Nuevo Leon of Mexico 0.
